

Job Title: **STEM Executive**

Job Description:

If you believe in experiential and fun educational STEM opportunities for children, Colorado Adventure Point (CAP) is interested in hiring you! CAP is an educational, recreational, and creative-focused activity center that provides programming from birthday parties and summer camps to archery lessons and welding classes. CAP is currently looking to add to our team by hiring a STEM program focused Executive. This position will take ownership over much of the educational-focused programming that CAP offers and work to expand the current catalog of activities.

This may be the job for you if:

- You love working with children! (But are also ok with spending time behind a desk).
- You feel excited about developing new programs and activities for youth
- You are organized and self-driven, with enthusiasm for doing new things

More About CAP:

Whether you are looking for state standard-backed programs or unique and tailored activities, one of our labs, classrooms, or design centers is equipped with everything you need. We strive to create life-long learners through the modality of experiential education and positive growth. We prioritize inclusion and are open to everyone, always endeavoring to exceed the expectations of those we work with.

Our site serves thousands of children every year in our 20,000 square foot activity center. Our building features a two-story indoor climbing wall, indoor archery and BB ranges, an art lab that includes welding tables, technology lab, STEM classroom, teaching kitchen, and conference space. We also have a completely enclosed courtyard that features a garden along with our gaga pit! The physical space we have enables us to provide a truly engaging and unique experience for every person that comes in the door.

Responsibilities:

- Learn and adapt current STEM programming at CAP
- Develop new activities, lessons, and programs to grow the CAP catalog
- Deliver all programming to kids in a positive fun way
- Help develop and run CAP's 2022-2023 Winter/Summer camps
- Assist with building and program staff management
- Be able to effectively teach hourly staff and volunteers to deliver the program as well
- Network on behalf of CAP with Denver area schools, community organizations and other relevant groups

Requirements:

- Bachelor's Degree
- Prior experience in education or working with children
- Ability to commute reliably to work (this is partially a hybrid position, but will require being physically in office for much of the time).
- Bonus: Previous job with a school/ school district, homeschool group, or youth-serving organization in the Denver area

Compensation: \$52,000+, depending on experience, benefits

To apply: Email your resume and a cover letter to
