

Digging In The Past

A Wolf Elective Adventure

By: Charlie Santini

Pack #237

Digging in the Past: Table of Contents

- ▶ My Fossil Adventures
- ▶ Requirement 1: Play a Game
- ▶ Requirement 2: Create an imaginary dinosaur
- ▶ Requirement 3:
 - ▶ 3A: Make a fossil cast
 - ▶ 3B: Make a dinosaur dig
- ▶ Requirement 4: Make edible fossil layers

My Fossil Adventures at Dinosaur Ridge

Colorado 09/07/2019

My Fossil Adventures at The Desert Museum in Arizona. 11/25/2019

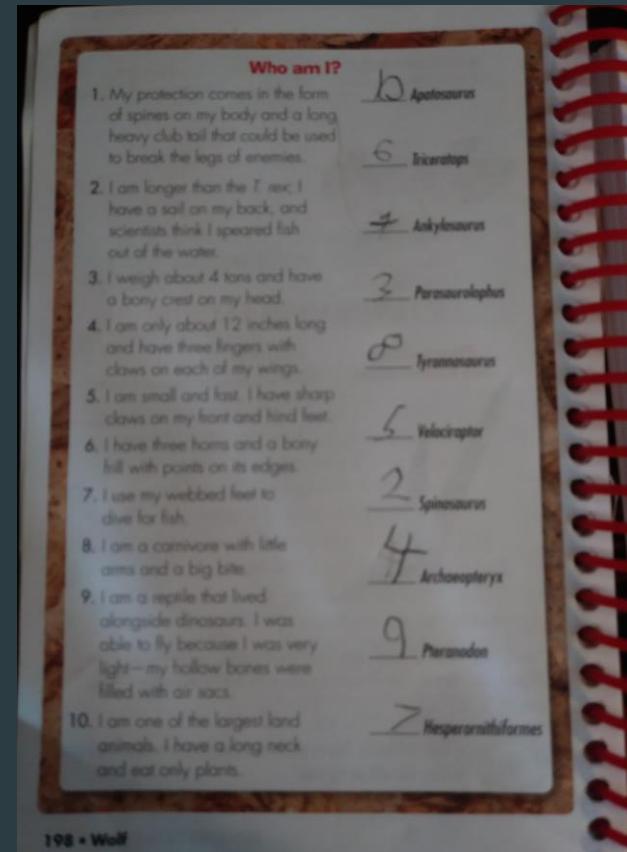

Requirement 1: Play a Game

Completed 04/22/20

My Favorite Fast Facts:

- ▶ The name Triceratops means “three-horn face”.
- ▶ Ankylosaurs has a long “club-like” tale to fight.
- ▶ The name Parasaurolophus means “near-crested lizard”.
- ▶ Scientists believe that the Tyrannosaurus Rex could eat 500 pounds in a single bite!

Guessing Game: Who Am I?

Requirement 2: Create an imaginary dinosaur. Completed on 04/24/2020

- ▶ My Imaginary Dinosaur is called a Doesasuarus.
- ▶ The Doesasauras has vibrant rainbow colored skin.
- ▶ It eats poisonous rainbow flowers and plants. It has immunity from the poison.
- ▶ It stays around the poisonous plants for protection and its fossils can be found all around Kansas.

Requirement 3A: Make a Fossil Cast.

Completed on 05/05/2020

- ▶ For my fossil cast I used:
 - ▶ Pine cone
 - ▶ Sticks
 - ▶ Rocks
 - ▶ Pine Needles
 - ▶ And my shark tooth necklace

Requirement 3B: Dinosaur Dig.

Completed on 04/27/2020

Requirement 4: Make edible fossil layers. Completed on 05/01/2020

For our Fossil layers we used glass jars instead of plastic cups to help the environment.

We also added gummy worms as a fun piece of dirt layers.

The animal cracker in the Jell-O was very soft. The animal cracker in the crushed crackers was crunchy. And the animal cracker in the pudding was crunchy but soft.

The End: I really enjoyed digging in the past,
seeing fossils, and learning about dinosaurs.
