2026 Program Guide

Welcome from the Camp Director

Dear Unit Leaders,

Welcome to the 2026 Program Guide, we hope that this Guide helps your Unit plan for the upcoming summer, understand our offerings, and get you excited for the summer! Our Program Directors, introduced next in the guide, have been working hard on an experience that we hope to be the highlight of your summer!

Our Seven Guiding Principles (Safety, Mission, Guest Service, Excellence, Ownership, Innovation and Integrity) have been at the front of our minds when creating this program for your Unit. We wanted to ensure a safe experience that promoted challenging learning opportunities for your Unit, and of course, while having fun. We believe that our Program will help your unit bond closer and leave yearning for more.

There's a lot to look forward to this summer, and I'm more than excited to have your Unit be a part of it. I hope this Program Guide helps give you the information you need to get your unit excited for camp.

See you at camp!

2026 Program Guide

Welcome from the Program Directors

Welcome to Camp Cris Dobbins!

My name is Amanda and if you have been around McNeil Scout Ranch for a while, you might know that I have also been around for a while. This will be my 13th summer on camp staff, and I'm looking forward to serving as Program Director again, with the help and wisdom of the two Assistant Program Directors, Hunter and Kyler.

In the off season, I am a full time Middle School Social Studies teacher. So, my world basically revolves around interacting with youth and guiding them towards being good members of society. Scouting is one of my favorite methods for creating upstanding citizens, and this year our theme relies heavily on the foundational philosophies of this program.

In the year 2026, the flame of Scouting has dwindled and there are only a select few people who remain loyal to, and believe in, the messages and goals of it. Thankfully, each year a heroic group of these believers gathers in the woods of Southeastern Colorado at Camp Cris Dobbins where they enjoy the challenges and camaraderie of being outdoors. However, this year, there are three skeptics among them, Hunter, Kyler, and Amanda. While these three do love the outdoors and working together to learn and build new skills, they aren't so sure about all of this "Scouting Spirit" stuff.

It is up to the Camp Cris Dobbins Staff and their band of tireless, enthusiastic Scouts and Scouters to prove to the skeptics that the Spirit of Scouting is alive and well. Is your troop up for the challenge?

Yours in Scouting,

Camp Cris Dobbins Program Team

New Activity Schedule

We're pulling out an idea from the past this summer! This summer, each Scout will have the opportunity to participate in activities you think about when you say, "I'm going to summer camp!" For example, Scouts were only able to swim in the pool if they took swimming or lifesaving. Now, all Scouts will have the opportunity to play in the pool!

All merit badge sessions have been condensed to the morning. Scouts will have the opportunity to sign up for 4 merit badge sessions.

In the afternoon, Scouts will participate in activities around camp. Using a "color group" system, you will be assigned to a color group and then there are two sessions in the afternoon in which you will be able to complete activities. All activities are optional, as in your unit is not required to participate, BUT you cannot go to other areas outside of your assigned time.

Activities include Archery, Rifle*, Shotgun*, Swimming at Pool, Grab Bag, Lake, Open, Service Project, Zip Line and Climbing. **Some offerings require an additional fee.*

Below is an example of the schedule and offerings. **THIS SCHEDULE IS AN EXAMPLE AND SUBJECT TO CHANGE.** Activities are weather dependent, and we will do our best to accommodate or reschedule activities that were canceled for weather but cannot guarantee it.
